The up-and-coming designer is in the ring with the pros! Now you get to vote on the winner for a shot at \$1,000 in prize money. The Ugly Killer Llama The Llama is, in my mind, the ugliest character in the game. While its current design is intentional, the XNA-X design is heavily inspired from the old UNO and the original XD (Gamecube). To re-use game elements in another game means it can't be a good game, so the Llama suffers. It's ugly, unnecessary, and it doesn't connect with anything. ***SPOILER*** III-advised Collector's Edition The Collector's Edition is in most cases a good idea. Special Collector's Editions with artwork, a box, and special features are the standard; but collectors' editions are often excessive, and expensive. ***SPOILER*** *Click* Game (Chocolate) Slime The content in the Game (Chocolate) Slime is good, but the game outside the box is bad. It has no difficulty, no replayability, and no over-leveling, even on the hard setting. The game is simply not a balanced game. The Art The art is, again, intentional. The characters are used as the basis for the game, as well as the game's visuals. In fact, I'll go as far as to say that every character in the game, from the duller to the most creative, has been influenced by the characters. ***SPOILER*** The 'Call of Duty' Placement Despite the fact that it's the new XNA Game, it was placed at the bottom of the main menu. It's not that it's not a great game, but it's certainly not a Call of Duty game. If you're going to play a game in a
