/p> HD Online Player (Adobe Acrobat XI Pro 11.0.20 FINAL C) I am not sure what kind of special key it is, i just purchased it and i have tried every tutorial i can find on the web, and nothing is working, and i have tried using a different software and same thing happened, i was on 123 key validator website and it comes up null when i input the key and it says \"This product can only be

installed by an Adobe Flash Professional, Acrobat Professional or Acrobat Standard license key\". Im having a problem with my acrobat reader after i apply a license key, the only error im getting is the link below, i uploaded the pdf to my web server and even attempted downloading from my iPhone and Android phones but the same problem occurs, can anyone help?
