Wonderland - Secret Worlds 2.2 is an arcade game where you control a character who needs to collect things in order to move on in his quest. The game has several levels, each of which is different from the others. The levels have their own world that you can explore and solve puzzles. There are over 100 unique puzzles in the game, most of them can only be solved by interacting with the environment and then using the items in your inventory. You can earn coins for solving puzzles, as well as some items that can be used to purchase new items.
